Sir,

I have the honour to invite a reference to the Govt. of India, Ministry of Education letter No. F-5-92/52-A2, dated 23rd May, 1953, terminating the agency arrangements in connection with the works of maintenance of monuments of national importance as from 1.6.53. While the conservation works relating to structural repairs to the monuments of national importance in Mysore will be carried out by the respective Circle Superintendents of this Department, as from 1.6.53, it would not be possible to take over immediately the works of maintenance and upkeep of archaeological gardens attached to monuments of national importance in your State as per list enclosed herewith. It is therefore felt necessary that the works of maintenance and upkeep of such archaeological gardens may continue to be carried out by the State Govt. authorities on an agency basis as from 1.6.53. It is therefore requested that the views of the Government of Mysore in this connection may kindly be communicated to this Department, so that the staff employed on such archaeological gardens may not go without pay after 1.6.53 and this Department may be

in a position to make suitable recommendations to the Govt. of India.

This may kindly be treated as most immediate.

Yours faithfully,

(A. Ghosh)
